ENVIRONMENTAL SURVEY REQUEST

A. PROJECT INFORMATION: Bio Cultural Special Waste

Submittal Date: 02/16/2012 (mm/dd/yyyy) Requesting Agency: Local Palatine Township R
 Contract #: _____ Job No.: _____ - _____ - _____ PPS Project No.: _____

District: 1 Counties: Cook

Route: _____ Marked: _____
 Street: Briarwood Lane Section: 10-25151-90-BR

Municipality(ies): Palatine Township Project Length: 0.14 Miles

From To (At): Briarwood Lane at Salt Creek (Sta. 43+66 to Sta. 51+22; CL Bridge at Sta. 50+0)

Quadrangle: Palatine Township-Range-Section: T42N - R10E - S35

Survey Target Date: _____ (mm/dd/yyyy) Anticipated Design Approval: _____
 (mm/dd/yyyy)

(Six Months Minimum Required)

B. REASON FOR SUBMITTAL: (Check all that apply)

Acquisition of additional ROW or easement 0.04 acres
 In-Stream Work Stream Name: Salt Creek (Upper Reach)
 Other: _____

DETAIL the above in the Additional Information field.

The Additional Information field on this form should be used to expand on the Project Description.

C. PROJECT DESCRIPTION:

Project will include complete removal & replacement of existing 3-cell box culvert with a single span 3-sided precast structure including re-alignment of Briarwood Lane to provide a better approach alignment to structure.

Proposed Work: Highway Bridge Bike Trail Other Road re-alignment

D. TREE REMOVAL?: Yes Number?: 8 or _____ Acres

Existing Bridge(s) Structure Number: 016 - 4000 , _____ - _____ , _____ - _____

Historic District Involved? No Historic Buildings Involved? No

Section 4(f) Lands Involved? No Section 6(f) Lands Involved? No

E. FUNDING: Federal State TBP MFT Local Non-MFT

404 Permit Required Anticipated Processing: _____

F. LOCAL CONTACT PERSON: Roland Sachs Telephone #: (847) 358 - 6336

ext. _____

Title: Highway Supervisor E-Mail: palhwy@aol.com

G. ADDITIONAL INFORMATION: Memo By: Kevin Shaffer, Haeger Engineering, LLC

- No additional ROW needs to be acquired for this project. Only minimal temporary construction easements (or agreement/permission with property owner) immediately adjacent to ROW are required for minimal driveway/grading. In-stream work required for bridge removal & replacement.
- Structure 016-4000 is not listed in historic bridge survey list.
- IHPA HAARGIS showed no identified historic properties in vicinity of project. No existing houses to be impacted as part of this project.
- Letter received from IDNR - adverse affects to natural resources is unlikely.
- Joint permit submittal was made on 12/22/11. USACE logged on 12/28/11 & assigned project # LRC-2011-841. No comments received to date. S7 Memo includes previous letter from USFWS from a previous project at site that stated they do not believe any federally endangered or

Page 2 - SPECIAL WASTE SCREEN

(Note: This screening is required only for ESRs requesting Special Waste survey. For all other survey types, proceed to end to submit form.

For questions about this form, please contact the District Special Waste Coordinator.)

Special Waste Submittal Date: mm/dd/yyyy

Step 1: Level 1 Screening Criteria

- 1. Acquisition of new right-of-way or easements
- 2. Railroad ROW (other than single rail rural ROW with no maintenance facilities)
- 3. Excavation or subsurface utility relocation

If all responses are "No", sign below and place in the appropriate report. The District Special Waste Coordinator may sign-off the project. However, any projects answering "Yes" or "Don't Know" to #2 above are not eligible for District sign-off and must go through the PESA process. If any response is "Yes" or "Don't Know", continue to Step 2: Level 2 Screening Criteria.

Step 2: Level 2 Screening Criteria

If for any reason, the presence of any environmental condition cannot be determined from the site reconnaissance or from database searches, please check this box, add an explanation below, and submit for PESA.

1. Does the project involve any of the following environmental conditions within the corresponding minimum search distance?

<u>Environmental Condition</u>	<u>Minimum Search Distance</u>	<u>Database Search</u>	<u>Site Reconnaissance</u>
Industrial and/or commercial property	0.5 miles	<input type="text"/>	<input type="text"/>
Other Environmental Conditions* <i>(Please detail below.) *</i>	Property & adjoining property	<input type="text"/>	<input type="text"/>
State UST	Property & adjoining property	<input type="text"/>	<input type="text"/>
State LUST	0.5 miles	<input type="text"/>	<input type="text"/>
State Voluntary Cleanup, Brownfield, or landfills	0.5 miles	<input type="text"/>	<input type="text"/>
Federal NPL; NPL delisted, CERCLIS; CERCLIS NFRAP	1.0 miles; 0.5 miles; 0.5 miles; 0.5 miles, respectively	<input type="text"/>	<input type="text"/>
Federal RCRA CORRACTS facilities; RCRA non-CORRACTS TSD facilities	1.0 miles; 0.5 miles, respectively	<input type="text"/>	<input type="text"/>
Federal RCRA generators list	Property & adjoining property	<input type="text"/>	<input type="text"/>
Federal RCRA Brownfield sites	0.5 miles	<input type="text"/>	<input type="text"/>
Federal ERNS System	Property	<input type="text"/>	<input type="text"/>

** Other Environmental Conditions are identified through site reconnaissance and include situations that may negatively affect the property including the presence of, for example, illegal dumping, unknown containers, waste associated with "crack" or methamphetamine*

houses (i.e., discarded hazardous material on the outside of a property), battery piles, paint spills, abandoned transformers, surface staining, vegetative damage, etc.

*** Describe Findings/Other Environmental Conditions:**

2. Were photographs taken of the site and/or surrounding area?
 In an effort to identify any property or condition that may negatively affect the project site or potential historical, industrial and/or commercial use, the following sources of information can be helpful while screening the project.

3. Place a check next to each reference that is reviewed. **(Optional)**

- Google - type aerial maps
- Extranet data
- Historic Aerial Photos
- Survey Books
- Other Files & Photos
- City Directories
- County Assessor
- Sanborn Fire Insurance Maps
- Plat Books
- Other source (describe):

If any historical reference indicates the possible presence of a property or condition that may negatively affect the project site, then a PESA is required.

If all responses for database search and site reconnaissance are "No", then the District Special Waste Coordinator may sign-off the project. If any response for database search and site reconnaissance is "Yes", or if a database search or site reconnaissance is not performed or is inconclusive, then a PESA is required.
